

Revenue Cycle

Enabled for Efficiency:
Strategic Insights to Transform Your RCM

Driving Efficiency, Enhancing Profitability.

A healthy Revenue Cycle is essential to the success of home health and hospice agencies. At Maxwell TEC, our expert consultants provide strategic insights and actionable solutions to streamline billing and collections, minimize errors, and improve cash flow. We offer interim leadership for billing, eligibility, and authorization, financial rapid assessments with process improvement recommendations, payor source setup vs. payor contract review, contractual adjustment setup vs. payment review, and support for billing issues. By optimizing your Revenue Cycle Management, we help your organization achieve financial stability, enhance efficiency, and drive long-term success.

AR Reduction • Analytical Insights • Interim Leadership • Billing Support • Best Practices

Strengthen your revenue cycle, reduce inefficiencies, and maximize cash flow.

Assessments

We evaluate your billing process to identify deficiencies and ensure proper claim processing, providing a detailed review of areas that may be hindering payment.

Oversight

Our monthly reviews give executives key insights to identify and resolve issues early, keeping agencies proactive and ahead of challenges.

Solutions

Our 360-degree view of payor involvement helps agencies understand reimbursement dynamics and make informed, financially aligned decisions.
